

Block 1

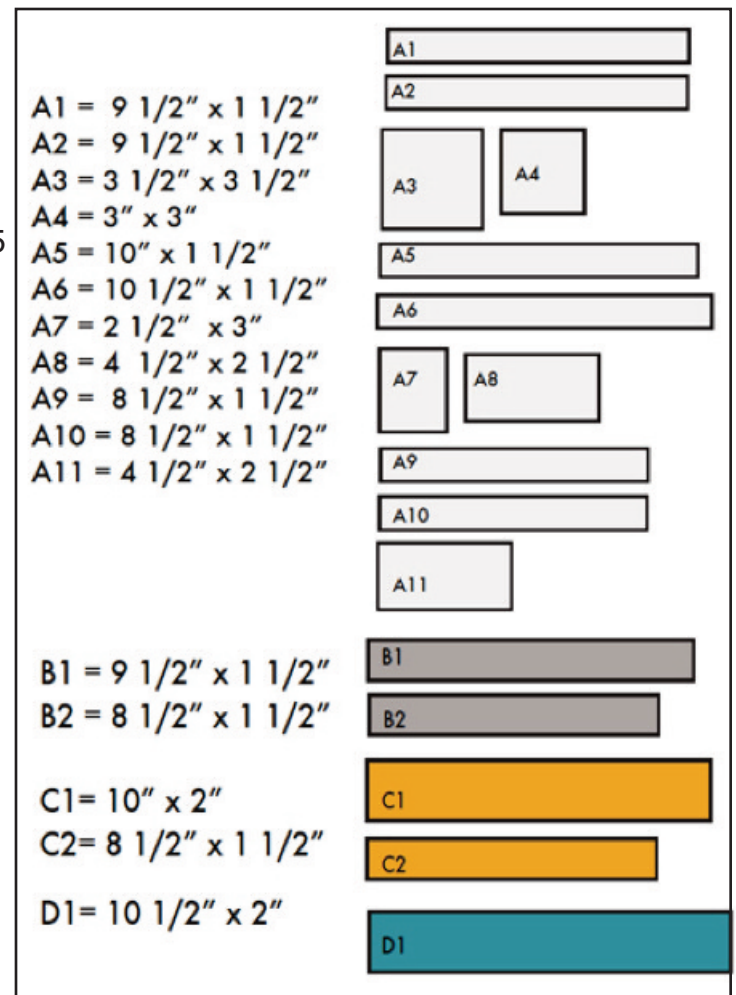

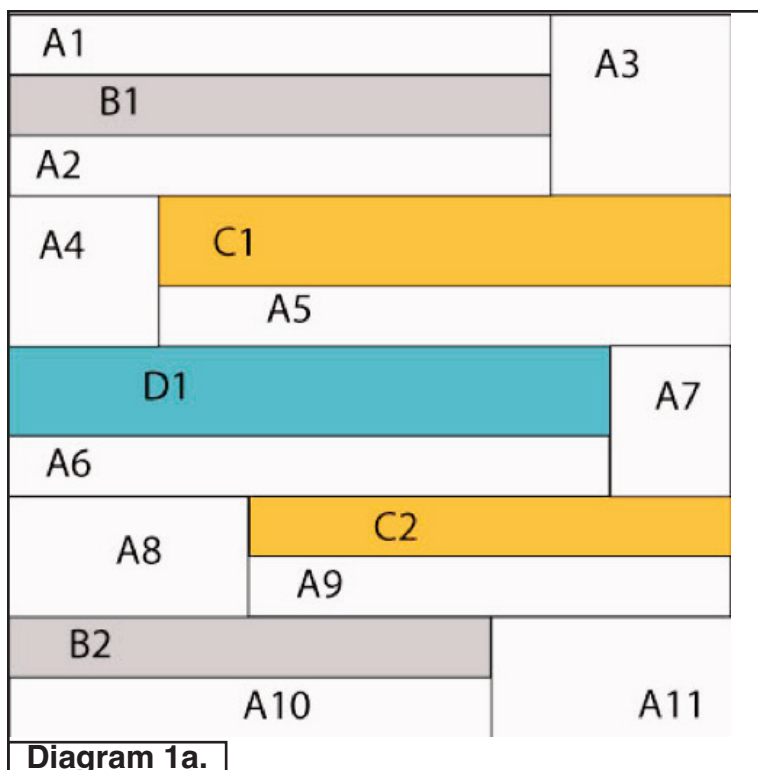

Fabric Requirements for One Block:

- Fabric A background 1/8 of a yard
- Fabric B Scrap that is at least 9.5" x 3.5"
- Fabric C Scrap that is at least 10.5" x 2"
- Fabric D Scrap that is at least 9.5" x 3"

Block Numbers for Quilts:

- Large Baby Quilt 48" x 60": make 20 blocks, Arrange in a 4 x 5 block grid
- Lap Quilt: 60" x 72" make 30 blocks, Arrange in a 5 x 6 block grid
- Queen Sized Quilt: 96" x 96" make 64 blocks, Arrange in an 8 x 8 block grid

Cutting:

Cut out all of the pieces for your block. Take care to keep track of which piece is which as you do so.

You can pin little paper labels on each piece as you cut them out or you can lay them out (I have a design wall that I do this on) as you go, arranging them as indicated in Diagram 1a.

Assembling the Block:

When piecing together this block use a ¼" seam allowance and press after sewing each seam.

1. Begin by sewing A1, B1 and A2 together. Then sew A3 to the right side of your piecing.

2. Then sew C1 and A5 together as indicated. Sew A4 to the left side of your piecing.

3. Sew D1 to A6 and then A7 to the right side of your piecing.

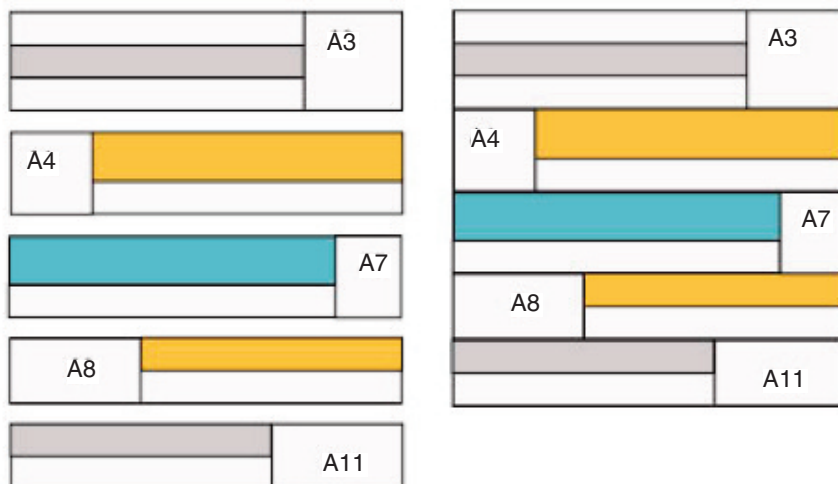

4. Continue by sewing C2 to A9 and then A8 to the left side of your piecing.

5. Finally, sew B2 to A10 and then A11 to the right side of your piecing.

6. Finish up your block by assembling the five portions of the block, working top to bottom, in this order: A3 portion, A4 portion, A7 portion, A8 portion and A11 portion.

If you want to see an example of this block used multiple times in a quilt, check the Sewmamasew.com blog.
